

E-Receipt Sign Up Form

Baptist World Mission

Baptist World Mission is offering e-receipts for contributions made by mail to our office. Electronic receipts will arrive in your email box faster than the printed version would get to your postal box. It also provides you with a digital copy that you can store them in your email program or save them on your local computer.

NOTE: E-receipts are not available for contributions made through our online giving portal since receipts are provided immediately after the contribution has been made.
